

Free Hosting

Our Education Program provides free web hosting for educational purposes to all K-12 public schools, colleges in the India. Please note this program is only offered to COLLEGES, PUBLIC SCHOOLS K-12 IN India!!! Educating our youth is extremely important and donating web space to schools and colleges is a small contribution that could potentially make a big impact on students, teachers, parents and Parent Teacher Associations across the country.

We welcome any district administrator, school principal, classroom teacher or PTA representative to participate in this unique program!

Schools and districts can take advantage of our free web hosting to create websites that serve a variety of purposes, including:

- Increasing visibility for the school within its own community and beyond
- Facilitating communication between teachers and parents
- Sharing information between schools within a district or classrooms within a school
- Providing valuable information about daily schedules and events
- Serving as a bulletin board for homework assignments and class projects

As part of the program, Creative Net Solution will provide unlimited phone and email support, unlimited email addresses and FTP accounts, 500 MB storage, and 20 GB data transfer for each new account.

There is no restriction on the use of the account opened in conjunction with this program, provided it is opened by a public school official and is used for educational purposes.

For more information or to sign up for the program, school officials and teachers should contact Creative Net Solution by calling +91-11-64607664 or email us at info@creativenetsolution.com
